Volume Fourteen

Published by
THE SENIOR CLASS
of
Louisiana Polytechnic Institute
Ruston, Louisiana

# Foreword

In compiling the fourteenth volume of the Lagniappe we have endeavored to portray something of the "History of the Development of North Louisiana" along with the record of the events of the past year.

BUSINESS MANAGER

# Dedication

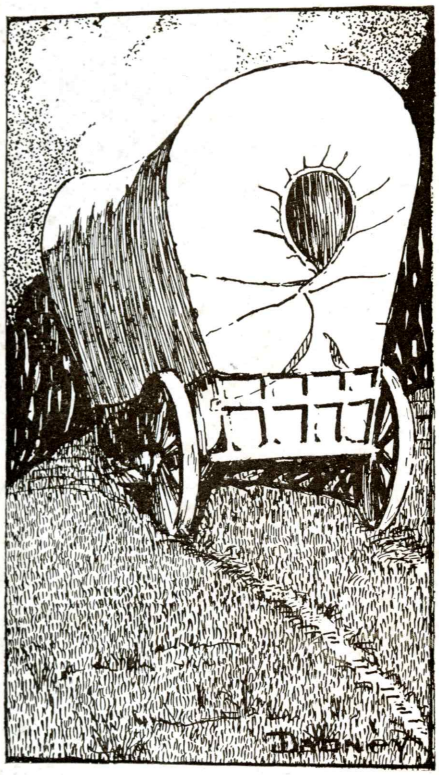

To the settlers and the "History of the Development of North Louisiana," out of which grew North Louisiana's institution of l e a r n i n g, Louisiana Polytechnic Inititute.

# Dedication

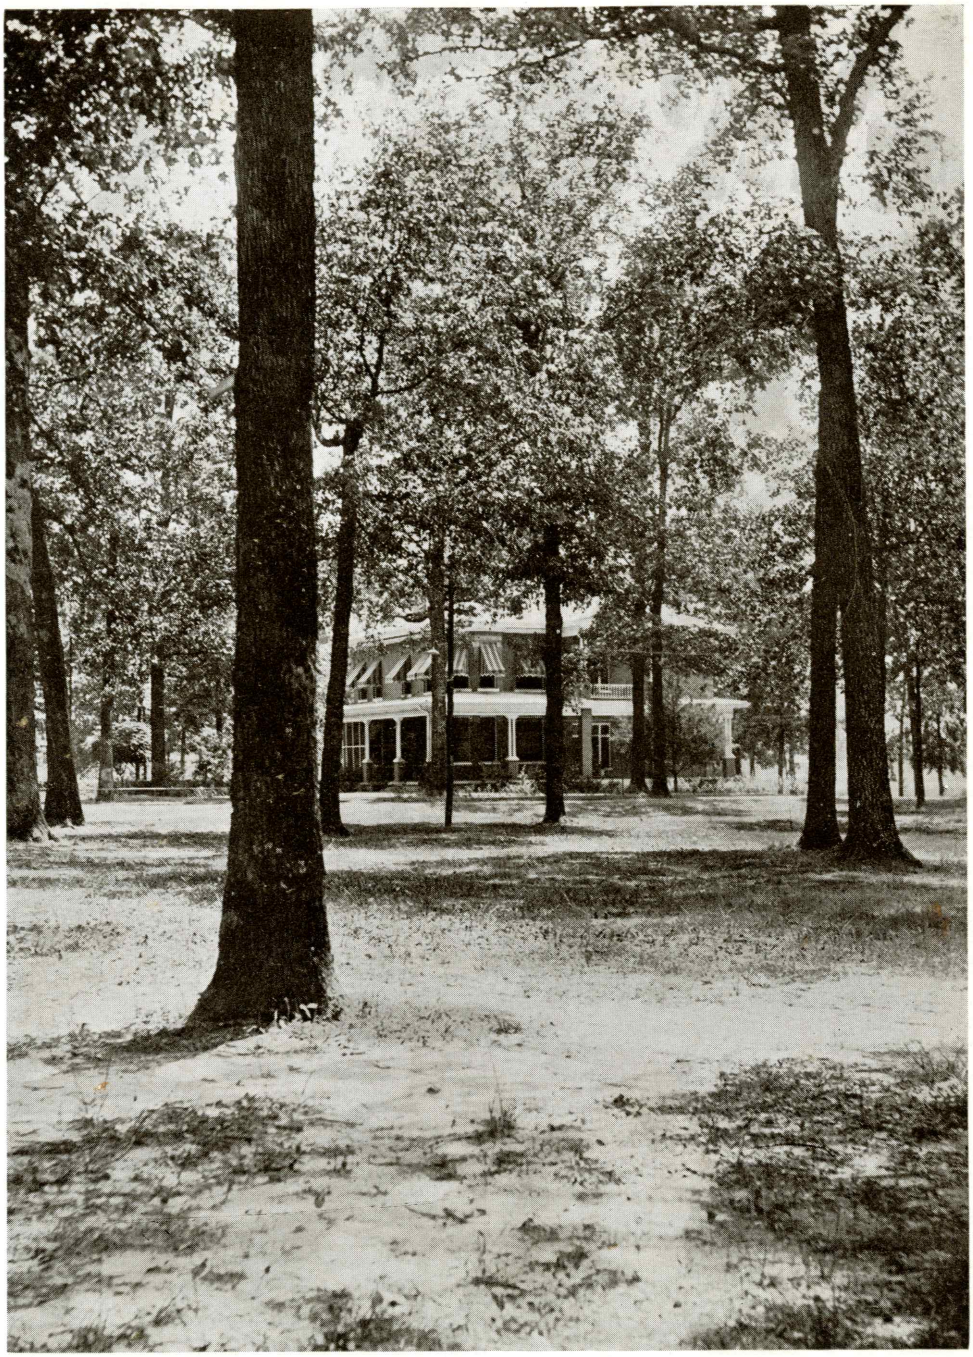

To John R. Conniff, our President, who embodies the highest ideals of our sturdy pioneers, and whose breadth of vision is such that under his able and understanding administration Louisiana Polytechnic Institute has reached hitherto unattainable heights of academic recognition.

THE GIRL OF THE LIMBERLOST

EUGENIA SENTELL

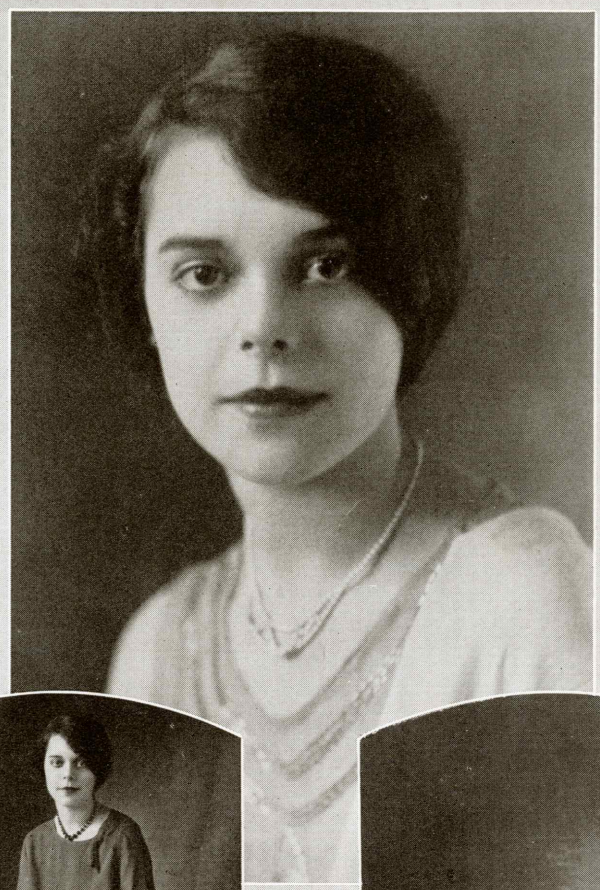

THE QUEEN OF COTTON

MILDRED GRAYSON

A MODERN GIRL

CHARLIE MAE ABBINGTON

A MODERN GIRL

ELIZABETH THOMASON

A MODERN GIRL

FRANCES KEITH

THE FOREGOING section was designed to portray through its artistic effect the theme of the 1928 Lagniappe, "The History of the Development of North Louisiana."

The designers of the section have outlined briefly the history of North Louisiana into seven distinct stages:

THE CARAVAN AGE, in which the idea of the very earliest settlers' coming into North Louisiana is pictured in the caravan and the first co-ed of the section, a co-ed chosen by artists to represent that age, called "The Caravan Girl."

THE PIONEER AGE, in which the pioneer clearing the north Louisiana forests, the picturesque log cabin, and the pioneer industry, trapping, is pictured in the second co-ed of the section, "The Pioneer Girl."

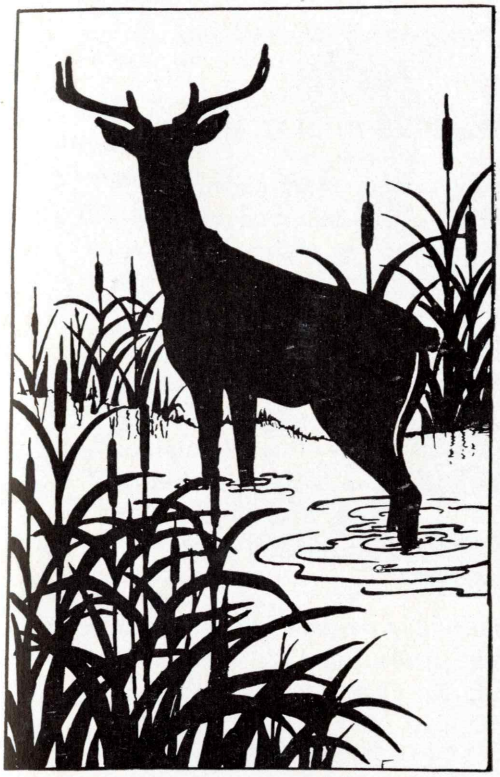

THE AGE OF LUMBER, in which fallen trees in stately pine forests is represented by the third co-ed of the section, "The Girl of the Limberlost."

THE AGE OF COTTON, in which North Louisiana's principal agricultural industry is represented by the fourth co-ed of the section, "The Queen of Cotton."

THE MODERN AGE, in which three modern industries of North Louisiana, oil, gas, and the pulp mills, are pictured in the three modern girls, each called, "A Modern Girl."

*In selecting the types for feature section of Lagniappe from so many beautiful girls, I was hampered by the truth that photographs do not do justice. However, I hope that you and the student body will be pleased with my selection. Best wishes,*

B. J. LORE.

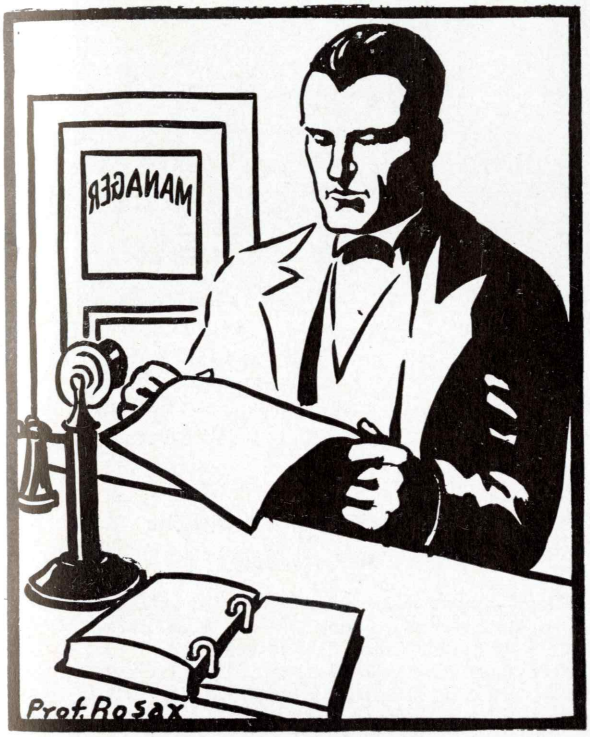

# CLASSES

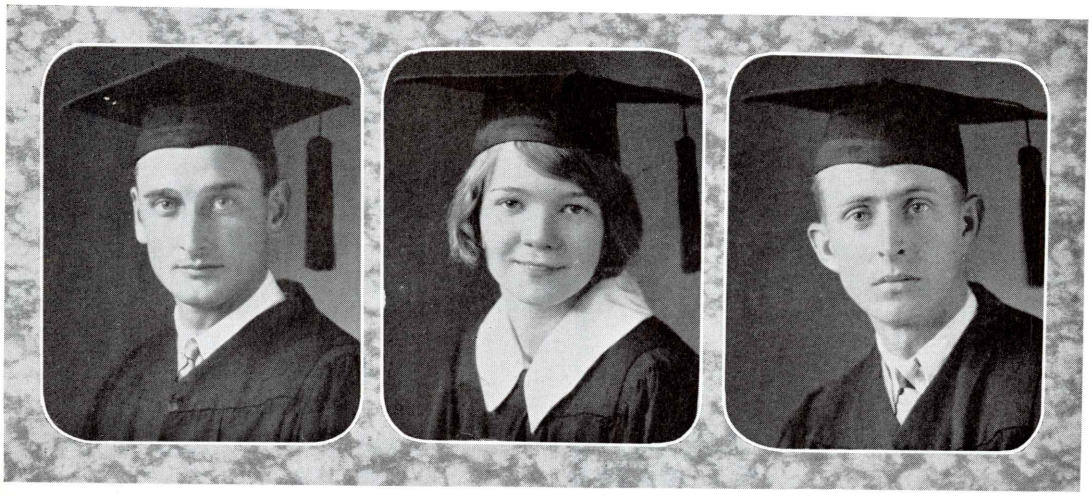

## BOOK FOUR REPRESENTS THE CLASSES OF LOUISIANA TECH

The dignified and intellectual senior is shown, after graduation, as the capable business man at the head of one of North Louisiana's modern industries, displaying through his executive ability the training which he has received at Tech; the junior is represented by the tugging farmer who has just taken over duties upon which he must exert the greatest effort in order to attain the success of the senior; the sophomore is shown as the industrious lumber-jack who has not acquired the experience and knowledge of his work as the farmer, the efficient junior, but who, after all, retains sufficient zeal and ability to assure his ultimate success in the North Louisiana lumber industry; and finally the inexperienced freshman is represented by the pioneer industry, trapping, and the youthful trapper who is about to go into the forests in search of game and success and is not quite so overzealous in the adventure.

**The Editors of the 1928 Lagniappe** are especially proud of this section of the yearbook in that it not only represents the student body in the height of scholastic success, but that it well represents the theme of the annual in the artistic effect of the division pages—illustrated in: the young trapper and the pioneer industry of trapping; the more experienced lumberman as typical of the later lumber industry; the faithful farmer who has through his own efforts and experience placed the farming industry on a higher plane; and finally, the height of modern industry in this section of the state, as illustrated in the capable manager of the modern business firm.

## PI GAMMA MU

Founded December 1, 1924. Louisiana Alpha Chapter, February 4, 1928.

The special aim and ideal of Pi Gamma Mu is the encouragement of the study of society and social problems by the scientific method and in the light of scientific truth, first on the part of the college men and women and then through them, on the part of society as a whole.

Its motto is: "Ye shall know the truth and the truth shall make you free."

The purpose is not to add appreciably to the list of so-called, "student activities," which distract the student's attention from the main business of college life, but rather to reinforce and vitalize that work insofar as it relates to social study.

**Faculty Members**

President J. R. Conniff

## THE THATCHER MATHEMATICAL SOCIETY

The Thatcher Mathematical Society was organized October 11, 1927, by twenty-five students interested in mathematics. The following officers were elected: President, Ray Johnson; Vice-President, R. L. Bordelon; Secretary and Treasurer, Lorene Dyson.

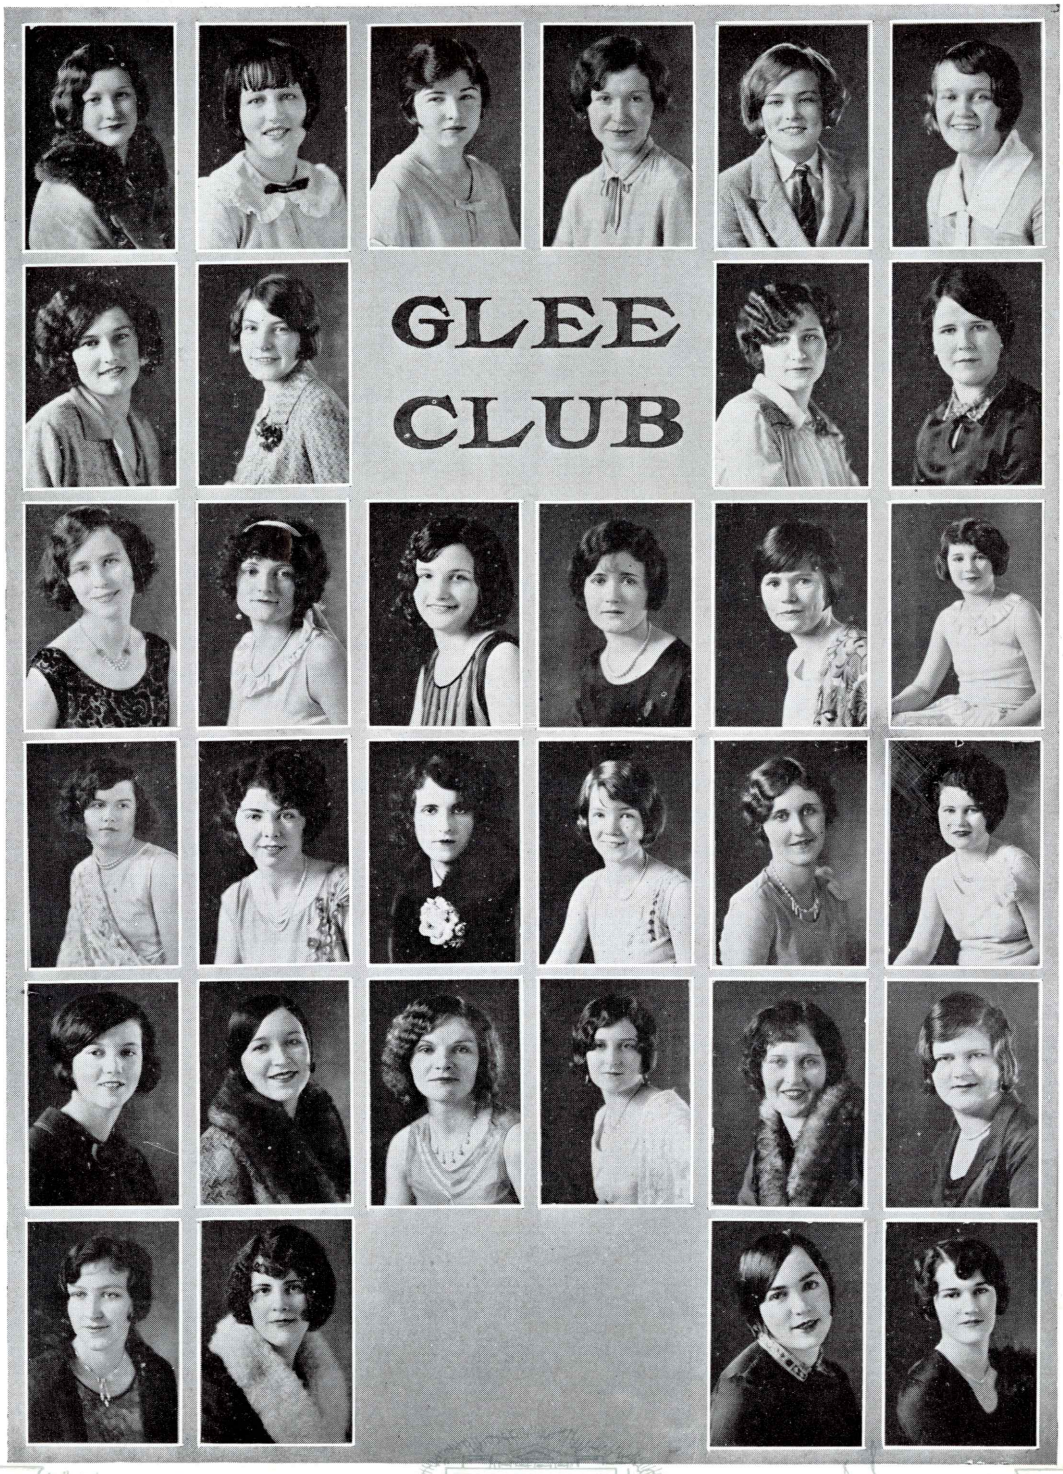

This society was named in honor of the late Mr. G. O. Thatcher who for a long time was professor of mathematics at this institution. Those interested in organizing this society felt that it should be organized for the following purposes: To promote the teaching of mathematics; to co-ordinate the teaching of mathematics in the various institutions; To encourage specialization of mathematics for those who teach it; To discourage the teaching of mathematics by those who dislike it; To emphasize the study of mathematics both for its cultural and practical value; To stress the relation of mathematics to the dependent sciences.

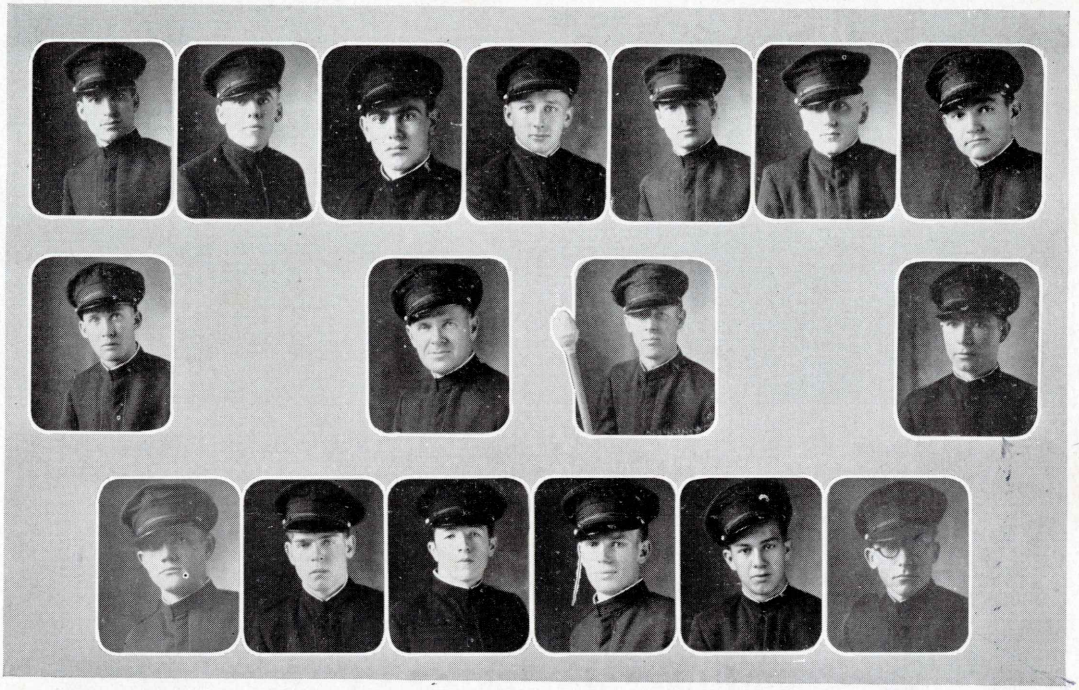

This society meets every Tuesday during the chapel period.

## THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION

PURPOSES:

To lead students to faith in God through Jesus Christ,

To lead them into membership and service in the Christian church,

To promote their growth in Christian faith and character, especially through study of the Bible,

To influence them to devote themselves in united efforts with all Christians, to making the will of Christ effective in human society, and to extending the Kingdom of God throughout the world.

Maude Dudley, Joy Smith, Hazel Adams---Canteen Managers
Frances Butler---Reporter

## HOUSE ORGANIZATION

Hazel Sanders ---------- President
Sophia Stone ---------- Vice-President
Hazel Adams ---------- Secretary
Myrtie Mae White ---------- Treasurer
Edith Holt ---------- Chairman Social Committee

The House Organization of the Women's Dormitory was organized at the beginning of the fall quarter of 1926 for the purpose of creating a spirit of friendly cooperation, establishing high standards of personal conduct, and planning and carrying out a constructive social program. The new parlors at the dormitory have afforded greater opportunities for the social life of the group.

The genuine interest and splendid cooperation of the women students have caused rapid progress in the organization, and the Dean of Women and the House Directors are confident that each year the students will be more capable of assuming the responsibility of making and carrying out the regulations governing the dormitory.

## WOMEN STUDENTS' ASSOCIATION

Mattie Sentell ---------- President
Margaret Rainwater ---------- Secretray
Hazel Tillery ---------- Treasurer
Anne Walker ---------- Chairman Social Committee

The Women Students' Association of Louisiana Polytechnic Institute was organized in the fall term of 1926. Its membership is inclusive, for upon registration in the college every girl automatically becomes a member. The aims are necessarily broad and the program comprehensive. It was created as a means of overcoming the lack of spirit of unity between dormitory and town students. By developing common interests and creating larger loyalties, it attempts to bring them into closer association.

Through constructive work for the improvement of the college, it has attempted to justify its existence. Three projects have been undertaken thus far: The first, the making of an attractive rest room; the second, the creating of a student loan fund; the third, the publication of a hand book.

## HOME ECONOMICS CLUB

Sophia Stone ---------- President
Edith Holt ---------- Vice-President
Thelma Mitchell ---------- Secretary
Brownie Stringfield ---------- Treasurer

The Home Economics Club of Louisiana Tech was organized in the fall of 1926. It is now a member of the Louisiana Home Economics Association and a member of the American Home Economics Association.

## WOMEN'S ATHLETIC ASSOCIATION

| | |
|---|---|
| Lorene Dyson | President |
| Bernice Hemler | Vice-President |
| Mary Burgess | Secretary |
| Etta Gulley | Treasurer |
| Miss Phyllis Davidson | Advisor |
| Elsie Turner | Head of Baseball |
| Maxie McLendon | Head of Basketball |
| Edith Holt | Head of Volleyball |
| Bertie Thornton | Head of Field Ball |
| Claudia Kitterlin | Head of Soccer |
| Mattie Sentell | Head of Stunts |
| Mary Gray Burkes | Reporter |
| Elizabeth Price | Corresponding Secretary |
| Irene Shields | Chairman of Social Committee |

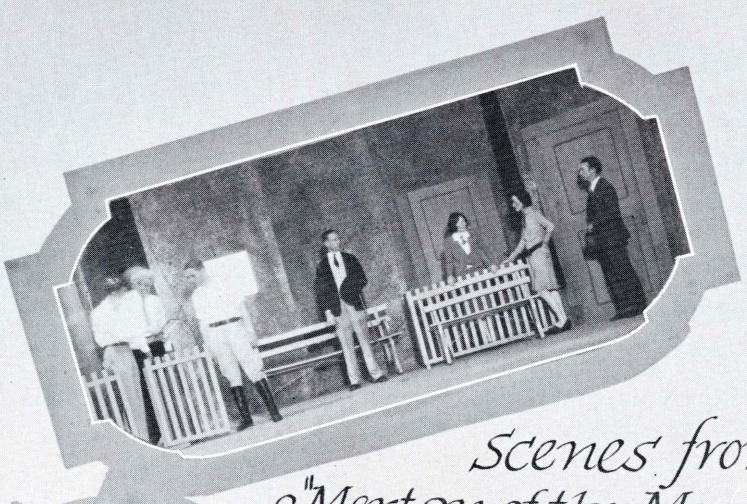

The Women's Athletic Association strives to develop the girls into the best of social beings; to instill in them clean, healthy sportsmanship; to develop the healthiest bodies for them, and to create and to stimulate the best of morals among them as a group as well as individuals.

THE socializing effects of activities on the college campus are a tremendous force in the life of the student body. Many organizations, fraternities and dramatic clubs, honorary societies and publications fit into their place to help make a successful college. Tech is fortunate in having a number and variety of activities, all of which have been pictured in the preceding section.

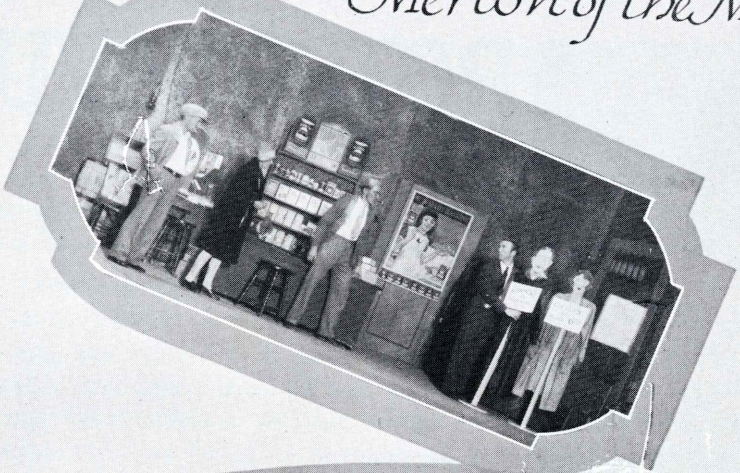

Every student upon entering Tech has an opportunity to align himself with the activity in which he can best develop his talents that nature has bestowed upon him. A student who goes through four years of college without having been active in at least one principal organization on the campus has failed to develop an important side of his college education, and has cheated himself in the long run. Tech is proud of the fact that she presents, to every student who enters her halls, the best and most well-rounded education that can be secured in the state of Louisiana.

# ATHLETICS

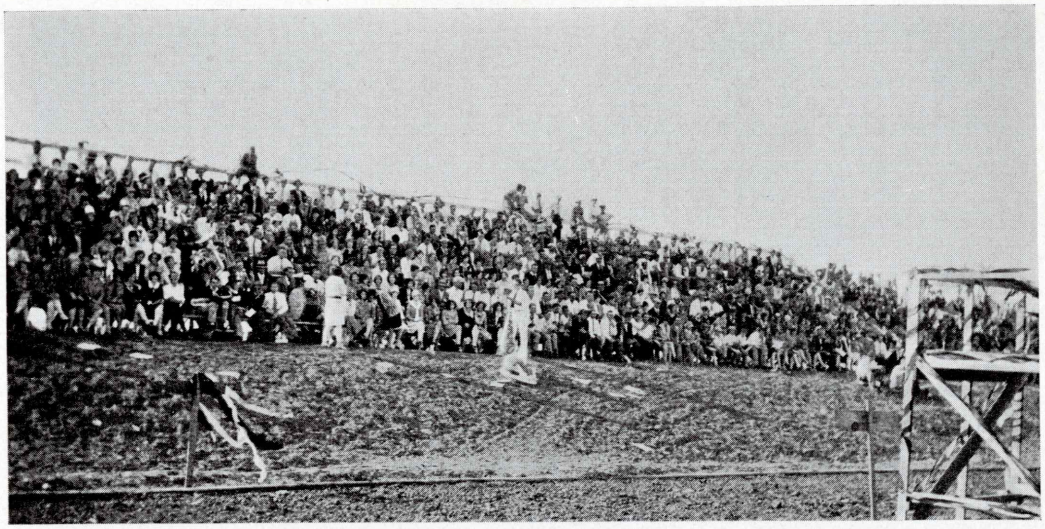

HUGH E. (GOB) WILSON

Director of Athletics

As director of athletics for the past two years Coach Hugh E. "Gob' 'Wilson and his staff of coaches have produced some well balanced teams.

The most notable feat of Wilson's career as Director of Athletics is the building of a spacious, adequate field for baseball, football, track, and tennis. The grounds embrace two football fields, one for practice and one for the games, a baseball diamond, tennis courts, a quarter-mile cinder track and a two hundred and twenty-yard straightway track for the dashes, in addition to the equipment for the various field events.

The gymnasium has been remodeled, now recognized as the best in Louisiana.

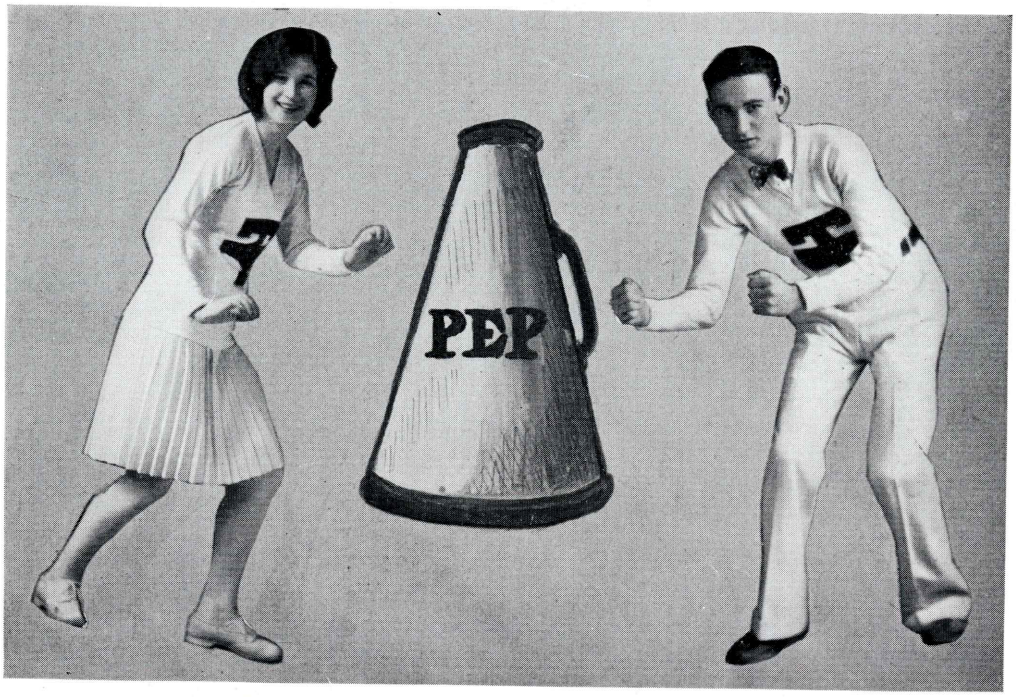

## DEDICATION OF THE NEW TECH FIELD

DEDICATION of the new Tech stadium was held on Homecoming Day, November 5, immediately preceding the Southwestern-Tech football game.

Hon. C. Huffman Lewis, prominent attorney of Shreveport and a graduate of Tech, was the main speaker of the afternoon. The dedication consisted of a short program, starting at 2:10 and ending in time for the game at 2:30.

The new Tech field, which immediately adjoins the gymnasium, is admirably located, being situated on a high portion of the campus, thus insuring natural drainage. Sub-drainage has been installed, and for that reason it is an easy matter to keep the entire field in perfect condition.

Included in this portion of the athletic plant, are a football gridiron with a separate practice field for football; a quarter mile cinder track, with a 220-yard cinder straightaway; and a baseball diamond, entirely separate from both gridirons. In addition there is ample room for tennis courts, and these courts will be constructed as soon as it is possible to do so.

### ETTA GULLEY

Serving her second year as cheer leader, Etta proved herself one of the best workers Tech has ever had. She was always on hand, giving her best efforts in victory and defeat. She was popular with the student body and gave to others some of that cheerful spirit, pep and good sportsmanship of which she had an abundance. Etta will be missed next year, not only by Tech, but by all true fans, for she has been declared one of the best cheer leaders in the state.

### CLINTON SANDERS

Clinton came to us from the Ruston High School. He showed plenty of pep and was instrumental in the cheering of the student body throughout the year. His best work was done during the basketball season, when, on the resignation of Miss Gulley, he became the leader of the Bulldog Cheering Squad. Clinton's untiring efforts, his high school experience and his popularity with the students told, and he carried us through the basket-ball season most successfully and bids fair to be one of Tech's best liked cheer leaders.

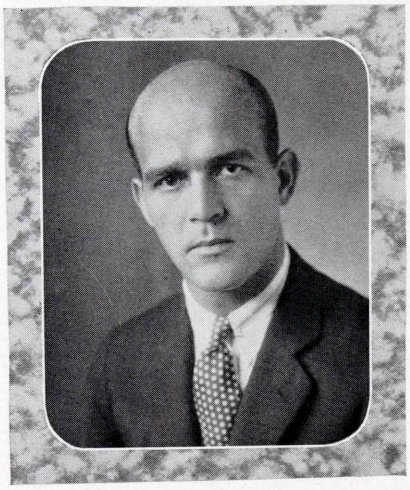

HEAD FOOTBALL COACH HUGH E. WILSON

AS football coach at Louisiana Tech for two years, "Gob" Wilson produced one winning and one losing team. During his first year the team won five games and lost two, the second won three and lost five. This gives Wilson's team a total of eight games won and seven lost. It is only justice to him and his men to say that three of the seven games were lost to teams of the Southern Conference, namely, Tulane, L. S. U., and Mississippi A & M., and two were lost to Centenary, one of these being dropped to the great undefeated "Gentleman" club of 1927.

Wilson is a graduate of the University of Michigan and a protege of Fielding H. ("Hurry Up") Yost, for twenty-five years director of the Wolverines.

ED SHIRLING
Baseball Coach

## ED SHIRLING

### Baseball Coach

Whether the baseball club of the 1928 season fares well or not, it can be claimed that Louisiana Tech now has a coach of the first class, a baseball teacher than whom there is none better in the college circles of the entire South. Trained in the Connie Mack school of the great national game, Shirling is a replica of that old master. Though the prospects are far from bright, the men are certain to learn some real inside baseball.

Shirling is a graduate of Alabama Polytechnic Institute, generally known as Auburn, where he was three times a member of the All Southern baseball and football teams. After graduation at Auburn Shirling jumped from the campus to the majors where he played with the Philadelphia Athletics of the American League for two seasons, then going to Portland of the Pacific Coast League in a player trade. On the coast he hit well for the first season and part of a second year there but eye trouble, better known as double vision, forced him to give up playing for a position as coach.

## L. J. FOX

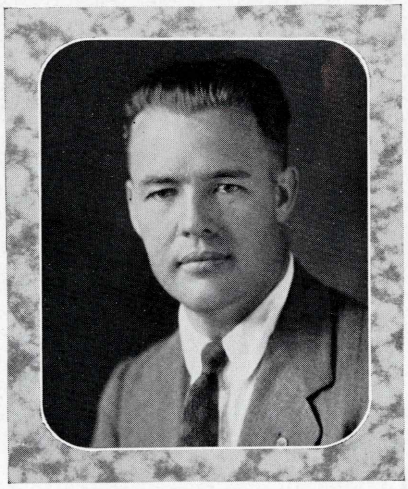

### Freshman Coach

Fox has been on the athletic staff of Tech longer than any of his colleagues. Coming here in the fall of 1925 as instructon in football, basketball, and baseball, he has built some well balanced teams.

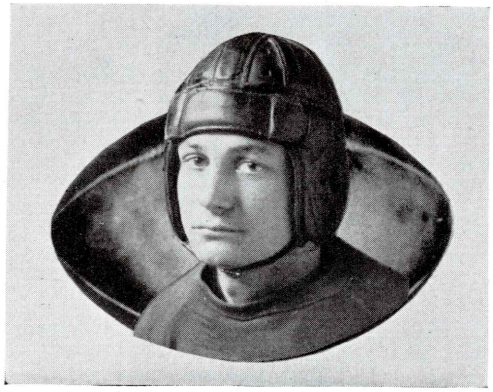

Fox was a star in basketball and baseball at the University of Georgia, being a member of All Southern honor teams in those sports. He was also a member of the varsity football squad.

Fox is a great psychologist, which means no little in the ability of an athletic coach. He is the type of man who understands the temperament and abilities of each and every member of his club.

It has been in the basketball line that the Georgian has been most successful. His charges have always played a game of the snappiest and smartest brand.

L. J. FOX
Freshman Coach

Captain
HARRELL P. WILLIS

## Captain
## HARRELL P. WILLIS

HAL Willis captained the squad in his last year as a Bulldog. He had been a member of the team every year that he was in school.

Willis' selection for the post of honor was justly made. As a leader and as a player he always gave his best efforts.

Hal's most notable feat during his career was one that will live long in the history of football in Louisiana. When a freshman Willis booted the oval a distance of one hundred and five yards on one occasion against Tulane University. Standing five yards back of his goal line, Hal received the ball, and getting all of his 135 pounds behind his foot, sent the pigskin sailing across the opposing goal line.

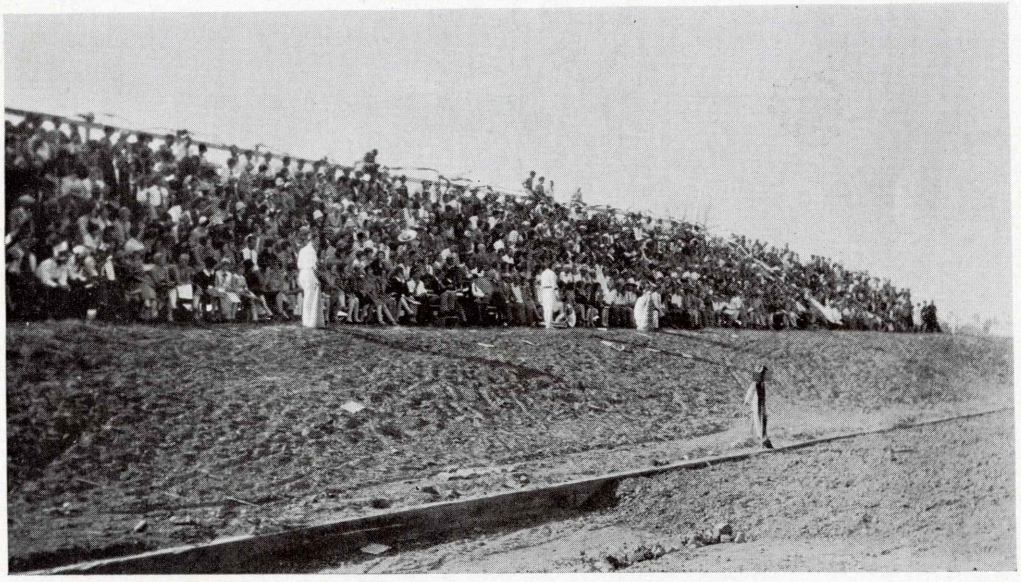

## Captain-elect
## BILL SLAY

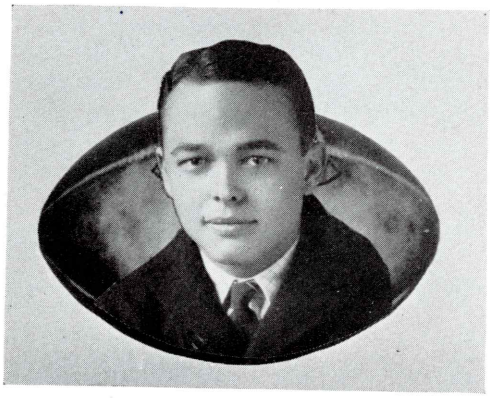

SLAY'S election to the captaincy of the team came as no surprise, for Bill was considered not only by his teammates but by the majority of the student body as well as the logical choice for the position.

By electing Slay, who plays the guard position, the Bulldogs broke a precedent of long years standing, for heretofore a backfield man and not a lineman has been chosen. It is a unique honor that the stocky guard will hold.

Captain-elect
BILL SLAY

Manager
MARVIN HAIR

Manager

## MARVIN HAIR

When physicians announced the sad news that Marvin "Buster" Hair's days were over so far as barking football signals were concerned, the diminutive quarterback who had so capably filled a regular position in the Bulldog backfield for two years accepted the job of manager of the team. He was with the club at all times, performing in such capacities as his position required and performing as faithfully and as earnestly in his new role as he had when upholding Tech's honors on the field of play.

## LOUISIANA TECH vs. L. S. U.

Baton Rouge, September 24.

The Bulldogs met a great team in their first game of the season. A late rally left Tech on the short side of a 45 to 0 count.

Tech surprised Mike Donahue's men in the early part of the game by offering stiff opposition. In the first quarter the Tigers were forced to kick from near their own goal line, failing to register a first down. Wilson's team was carrying the fight.

The second quarter began as the first had started and ended. With five minutes to play before the gun would end the half, one of the Tiger backs tore loose for a long run and the first touchdown of the game. Another touchdown was scored before the five minutes expired.

Hugh Prior | Nathan Henderson | "Short Papa" Kimbell

With two of the Bulldogs' star linemen not in the game in the second half due to injuries suffered in the first half of the game, the L. S. U. team romped across the goal line frequently.

---

## LOUISIANA TECH vs. MISSISSIPPI A. & M.

Starksville, Miss., October 8

The Mississippi Aggies, playing on a muddy field, defeated Louisiana Tech, 14 to 0, after meeting with stiff resistance from the visiting eleven, that on several occasions had the Aggies in trouble.

After an exchange of punts in the first frame, the Aggies took the ball on their thirty yard line and marched down the field for a touchdown using straight line plays for consistent gains. Poopenheimer made the score, and Pickens added the extra point on a plunge through the line. The Aggies came near scoring again in the same frame when they worked the ball to the ten yard line, but a penalty for holding spoiled their chances. Again in the second quarter the farmers plunged down the field on a series of line plays, only to be held for downs. Allon's punt went out of bounds on the thirty-yard line. Tech passed for ten yards to the Aggie twenty-five-yard line and Boss shot off tackle to the nine-yard line as the half ended.

Quitman Long | John Yeldell | Hardy Willis

The second and final Aggie touchdown came in the third quarter. After recovering on Tech's thirty-yard line on a fumble, the farmers marched down to the one-yard line, Papenheimer going over for the score. Pickens added the extra point.

Tech put up a strong defense and with Boss and Willis alternating in carrying the ball were dangerous on the offense. Several times they were in striking distance of the goal line but costly fumbles deprived them of possible touchdowns.

The Bulldogs were more proficient at passing than were the farmers. Despite a muddy field the Aggies did not make a fumble while the visitors dropped several, the Starksville team recovering the majority of the fumbles.

---

## LOUISIANA TECH vs. LOUISIANA NORMAL

Natchitoches, October 15

Completely baffling their opponents on practically every turn and successfully breaking up a dangerously executed aerial attack that at times placed the Bulldogs in dire straits, the Louisiana Tech Bulldogs, led by "Lefty" Boss, ran wild over the Louisiana State Normal Demons by a score of 34 to 0.

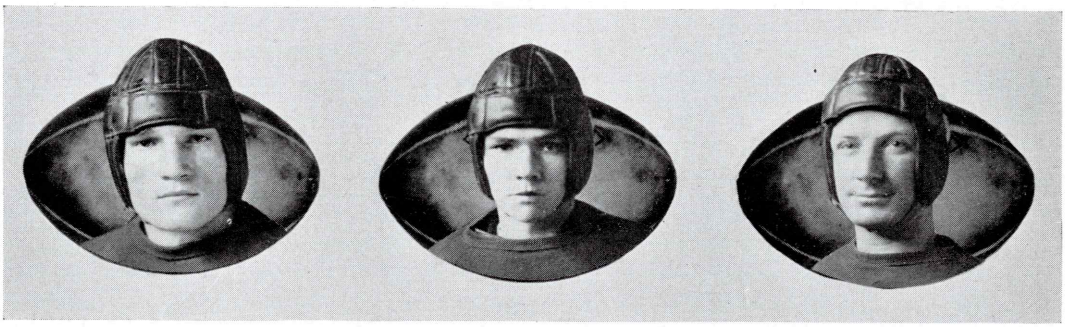

Louie Boss  Lamar Ratcliffe  "Red" Butler

Only once did the opposition show a threatening attack. Coach Wilson used practically every man on his squad in piling up the large score. Coach Prather was unable to use his reserves as the score never permitted substitutions. He sent only thirteen men into the game, two substitutions being necessary on account of injuries.

Tech scored in the first quarter. Straight football put the team in a scoring position. End runs by Captain Willis, criss-cross plays with Ratcliffe and Boss carrying the ball, and off-tackle drives carried the ball to the twenty-yard line, from where the first score was recorded. Captain Willis, taking his position on a regular formation received the ball from center Sharmon, faked to Ratcliffe who dashed off tackle in pretense of carrying the ball, and then handed the oval to "Lefty" Boss, who dashed through the center of the Demon forward wall and sprinted across the goal line without being tackled. Captain Willis held the ball whie Boss left-footed it over the posts for the extra poine.

The Bulldogs counted again in the second half on straight line plays and one short pass. Boss scored from the five-yard line and again made the extra point from placement. The half ended with Tech holding a 14 to 0 lead.

Gail Burnham | Lane Sharman | Dennis Peel

Coach "Gob" Wilson's men came back strong in the third period and counted twice. Ratcliffe sneaked through the line once for a touchdown and Boss lunged through center again for a marker. Boss missed goal for the first touchdown and Ratcliffe hit the line for the extra point on the second touchdown.

It was in this quarter that the Demons made their threat. A series of short passes carried them to the two-yard line and first down. The Bulldogs held them on four plays, the Demons losing three yards and surrendering the oval on the five-yard line. Willis got off a long punt to end Normal's only serious attack on the Red Blue goal line.

Captain Willis added the last touchdown in the final quarter. He made a wide sweep of the Demons' left end.

---

## LOUISIANA TECH vs. MISSISSIPPI COLLEGE

Monroe, La., October 29.

The Bulldogs dropped a hard fought 7 to 0 game to the Mississippi College Choctaws in Monroe's first intercollegiate football contest. The game was played at Forsythe Park, home of the Monroe baseball team of the Cotton States League.

The game was witnessed by a large crowd of spectators. Tech was presented a silver cup for the heroic work done by the boys of the college on the levees around the city during the historic flood the preceding spring.

Tech got away to a good start when the Choctaws fumbled on their own forty-yard line. The Bulldogs failed to score, being forced to punt. In the second period Tech carried the ball to Mississippi's ten-yard line, but the punch was lacking.

"Chief" Cole  Glenn McCasland  "Jigger" Riser

The Choctaws scored their touchdown in the third quarter after recovering on Tech's thirty-five yard line. Hugh Lee got away around end and ran to the five-yard line where he was tackled by Crane. The Bulldogs, fighting with their backs to the wall, held the Mississippians and took the ball on downs. Captain Willis punted from back of the goal to the forty-yard-line. End runs failed to gain for the Choctaws and Hitt tossed a long pass to Lee over the goal line. The extra point was made in the same way.

Tech fought desperately in the last half. After carrying the ball to the fifteen-yard mark they attempted to pass over for the needed score.

The press highly praised the work of Boss. The school paper of Mississippi College said of him, "The Louisiana boys were led in smashing the forward wall by the herculean "Lefty" Boss. He carried the ball time after time when it seemed that he had already exceeded the possibilities of any human being."

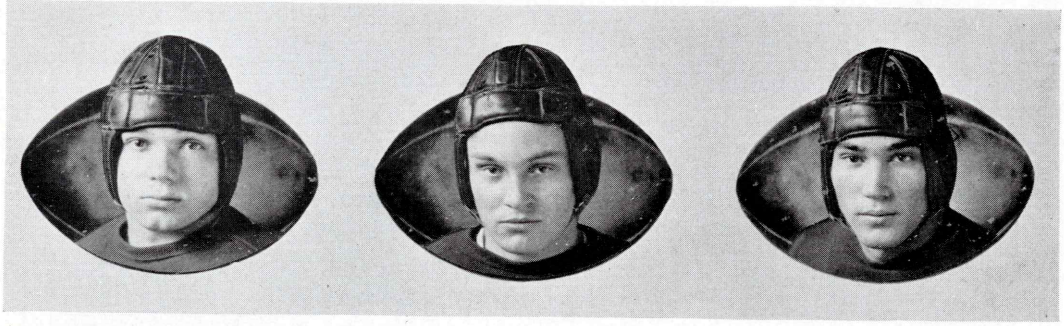

Tech made seven first downs compared to only three for Mississippi College.

---

## LOUISIANA TECH vs. SOUTHWESTERN

Ruston, November 5

Led by Quitman Long, sophomore halfback playing his first contest as a regular, the Louisiana Tech Bulldogs registered a well-earned 13 to 0 victory over Southwestern Louisiana Institute on Homecoming Day. The new athletic field was formally dedicated before the game.

Clyde Harper "Arkansas" Robinson "Pat" Savoy

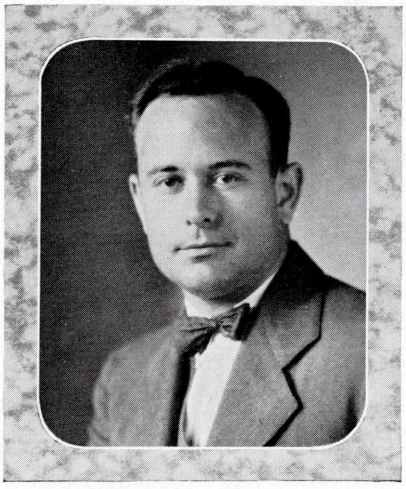

The fact that the Bulldogs of Tech made twenty-one first downs to six for the opposing team evidences their superiority over the team from Lafayette. On several occasions Coach Wilson's charges were in a position to smash through to a touchdown but the breaks of the game were against them.

At the opening of the contest Tech held Southwestern on three plays, and they were forced to punt. Kloor's kick was caught by the wind and got by Captain Willis. It was recovered by Thomas who raced across the goal line with the ball. He was forced to come back, however, and Southwestern took the ball on the ten-yard line. They were held for downs. On the first play Long ripped off twenty-five yards, going out of bounds on the thirty-yard line. On the second play he raced to midfield, but fumbled, Southwestern recovering.

The Bulldogs were held in the first quarter although they came within scoring distance several times. In the second period they started a march down the field to the five-yard line. Here "Lefty" Boss took the ball and smashed over center for the first touchdown. The point was blocked.

Southwestern played their best ball in the third quarter making three of their first downs in succession soon after the start of the period. They lost the ball in midfield, however, and on the first play Boss dashed through tackle and stepped fifty yards to the goal line without being tackled once. The officials ruled that Tech had been off side and the ball was brought back. The period ended with the Red and Blue in a scoring position. At the start of the last period Captain Hal Willis swept around end for the second touchdown. He held the ball while Boss added the extra point.

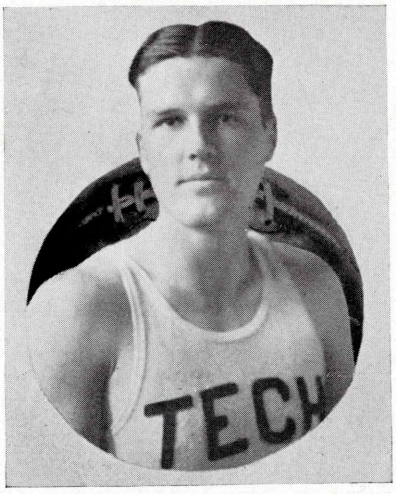

BOB WYNN
Basketball Coach

## BOB WYNN

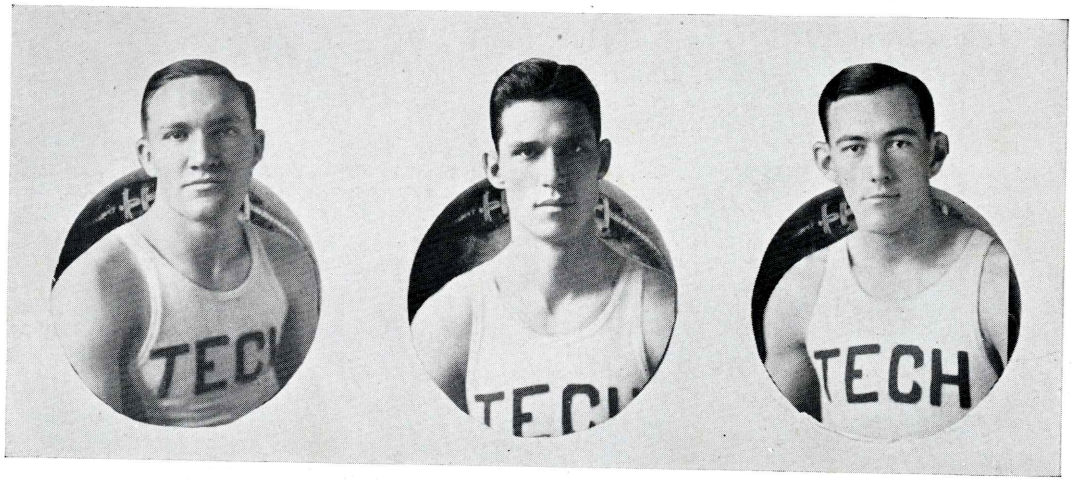

### Basketball Coach

In the matter of winning games Bob Wynn has been the most successful of all the Tech coaches. He has a perfect record of two winning teams in two years.

It is to be remembered that the sport had been played here for only one season prior to Wynn's taking up the duties of coach. That team had not had a good year, naturally, and the next season Wynn took charge of the squad and won the right to represent Tech at the S. I. A. A. Tournament in Charleston, South Carolina. In this his second season he began the year with three letter men, and, after getting of the a poor start, brought the school its second championship of the Louisiana division of the S. I. A. A.

## THE BASKETBALL TEAM

The Louisiana Tech Bulldogs enjoyed another great season in 1928. With only two years of intercollegiate competition behind them the team went out and won their second Southern Intercollegiate Athletic Association championship of the Louisiana Division. Having won the right to represent the State, in which four conference teams play, in the season of 1927, the boys came back bravely and with only three men of a great squad of seven left they fought most valiantly against all odds and predictions to win the honor again. The sport had been inaugurated at the college only a short time ago, the first game having been played against the Centenary Gentlemen in the early days of 1926. The honors won on the court are therefore more enviable.

Indications arising from the early training pointed to a powerful team. With all of the seven men who had carried the colors of Tech in the championship tournament to be back for play everything was indeed bright. But a most unfortunate occurence in the meantime left Coach Bob Wynn with only three of his stars, Davis, Cole, and Woodard.

The season opened unauspiciously. In the first game the Bulldogs were downed by the Centenary Gentlemen. The Tech team had swamped the Gents in four straight the previous year, and things were very gloomy. But the fighting Bulldogs came back in the second game of the series and won out.

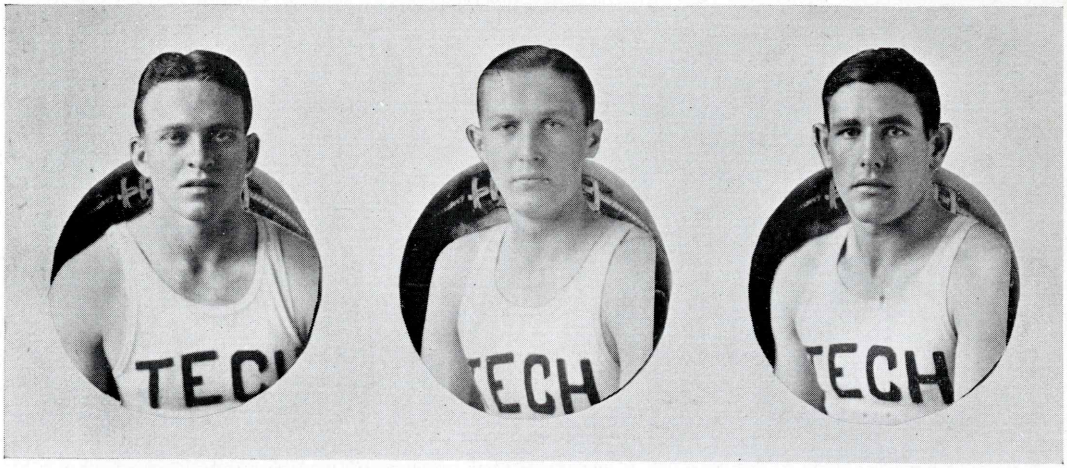

Peel Huff Patterson

The first road trip of the year was somewhat disastrous. The Tech team dropped the first game to the Millsaps Majors, in Jackson, Miss., by a 37 to 33 score. The series was evened when the Bulldogs won the second contest by a safe margin, the count being 57 to 38. The squad moved over to Clinton, Miss., where they lost a nerve-racking encounter to Mississippi College. The score was 44 to 43. The Choctaws were forced into extra minutes of play to win by the single point. On the final night Mississippi's great team that won the S. I. A. A. championship later at Chattanooga hit their stride and piled up a big score.

Before playing again at home the Bulldogs made an invasion of the Southern part of the State, sweeping a series with Southwestern and dropping both games to the Louisiana State Tigers.

On returning home the club rounded to true form. The stay was opened with Mississippi College in what will long be remembered as the most thrilling game ever played in Tech Gym. The Choctaws held a good lead at the half and through the major part of the last period. When the most ardent Bulldog supporter was ready to give up the Tech team made a great spurt, slowly but surely creeping up on their opponents. Davis' foul point in the last minute of play knotted the score and extra minutes were necessary. During the five-minute period Hinton looped a goal from long range and Fred Cole made a similar shot. The best the Choctaws could do

"Lefty" Boss Brown Wise

was one free toss, scored by Joe Peeler, said to be the best forward in the South. The final score was 49 to 46. The Mississippi team fought valiantly, for they had won twelve games in a row. They ended the season with but one defeat against them, that being done by the Bulldogs of Tech. The Choctaws won the final game of the series, 39 to 27.

The Millsaps Majors followed their fellow Mississippians into the camp of the Tech Basketeers, being treated rather roughly. The Bulldogs won both games. The scores were 53 to 28 and 41 to 26.

The Birmingham Southern Panthers were encountered a week later. The first game was marked by wild scoring. The Bulldogs, led by Davis who counted 32 points, scored a 72 to 41 victory. Coach Wynn used his reserves in the latter part of the game. The Panthers, smarting under the humiliating defeat, played better ball in the final game of the series, though they were ten points short. The score was 33 to 23.

In the next game Tech accomplished what had been considered the impossible. They defeated Louisiana Normal 32 to 31 at Natchitoches. It was the first game that the Demons had lost on their home court in five years. The defeat was a serious blow to their champinonship aspirations.

FRESHMAN BASKETBALL SQUAD AND COACH L. J. FOX

Returning home the team found an easy foe in the Arkansas Aggies. Both games were won by decisive scores, 64 to 34, and 66 to 21.

The Normal Demons and many of their supporters came to Ruston to avenge their recent and only defeat of the season. They returned home a sadder but wiser group of young men. They had lost the game and learned some tricks about the sport.

The season was closed with the Centenary Gentlemen in Shreveport. The two-game series was split, each contest being decided by a single point.

The outstanding men of the season were Davis, Cole, and Woodard, who were the only letter men left from the great squad of a year ago. Davis set a great scoring mark. He counted 402 points in the intercollegiate games. Cole was slow in hitting his stride, but the "Chief" played some great games, notably against Louisiana Normal, Mississippi College, and Birmingham Southern. Woodard was in every game, and gave way to a substitute but once. He was hustling and fighting all the way.

JACK BAGWELL
Captain

Jack Bagwell and Harley "Lefty" Boss jointly captained the baseball team, Bagwell caring for the duties on the road and Boss acting in the position while the team was at home. Due to a tie vote in the selection of a field leader it was decided by the players that the two should work together and alternate in directing the play in the field.

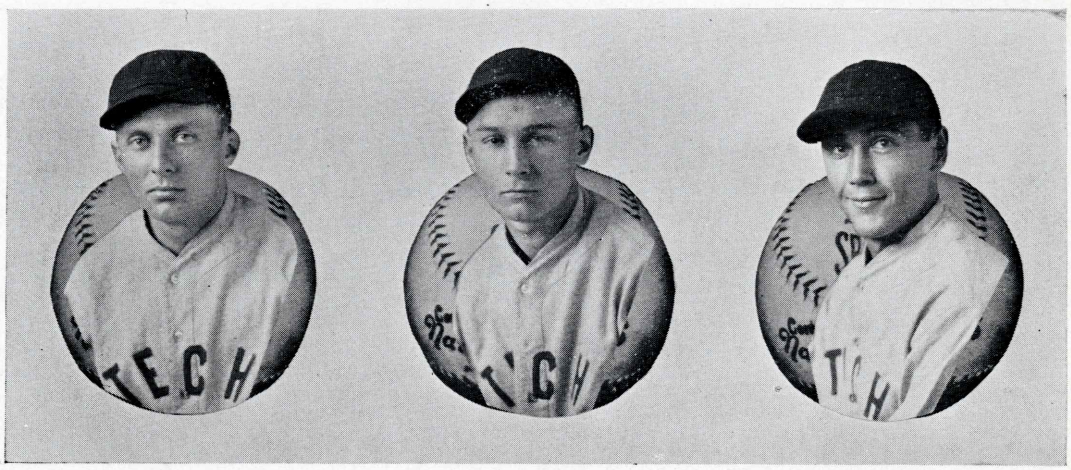

Bagwell was a pitcher, and a good one. He hurled 'varsity ball for four years, playing one year before Tech was admitted to the conference. He was the only Tech pitcher of all times to hurl a perfect game, that is, a no-hit, no-run contest. The feat was performed in 1926 when Bagwell was at the peak of his pitching career. Due to his efforts the team won eighteen games out of twenty-two played. But Jack worked too hard; he pitched his heart out and pitched his arm off. Consequently, he found the going rough the following year, 1927, as the records will show.

Boss is the great "kid" first baseman, regarded as the best produced in many years by a Southern college. "Lefty" was the perfect type for a captain. A winning personality, a fiery spirit, a great fielder, a good hitter, an unusual knowledge of "inside" baseball fitted him for the place.

Boss was playing his second year with the Bulldogs. After graduation he expects to go into professional baseball. If his work in those ranks is of the same brand as that which he has shown in college, then he is sure to be one of the most sensational of ball players.

HARLEY "LEFTY" BOSS, '25

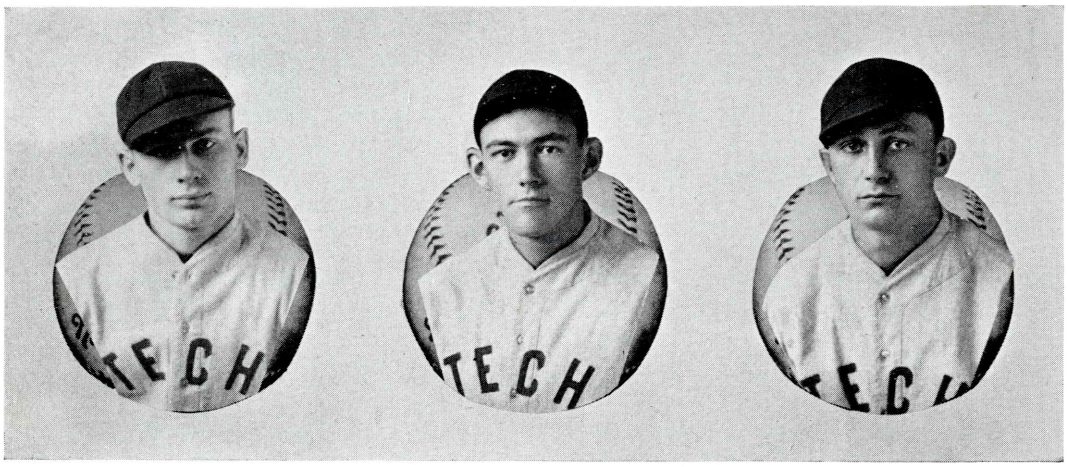

Jack Wright | Hardy Willis | "Jigger" Riser

## BASEBALL RECORD

| Won 7 | | Lost 8 | |
|---|---|---|---|
| Millsaps | 2 | Tech | 3 |
| Millsaps | 2 | Tech | 3 |
| Mississippi College | 8 | Tech | 1 |
| Mississippi College | 2 | Tech | 6 |
| L. S. U. | 7 | Tech | 2 |
| Southwestern | 3 | Tech | 7 |
| Southwestern | 3 | Tech | 8 |
| Millsaps | 4 | Tech | 5 |
| Millsaps | 5 | Tech | 1 |
| Centenary | 10 | Tech | 4 |
| Centenary | 16 | Tech | 8 |
| Centenary | 15 | Tech | 2 |
| | | Tech | 5 |
| Louisiana Normal | 5 | Tech | 1 |
| Louisiana Normal | 0 | Tech | 10 |

Early season hopes for a winning team in baseball were blasted when the Bulldogs, with practically every man left from the great team of the previous season, wound up their season one victory shy of an even break. Still, the only team to best Tech in a series was their old foe, the Centenary Gentlemen, claimants to the conference diamond championship, which they deserved. The Gents won four straight games from the Bulldogs.

Ratcliffe led the team in hitting, besting both Boss and Hardy Willis in the latter part of the season. Jack Bagwell, the only Tech man ever to hurl a perfect game, drove in many runs with timely hits. Jack was looked upon as the mainstay of the hurling staff, but Bagwell had lost the old

Lamar Ratcliffe "Chief" Cole Harrel Willis

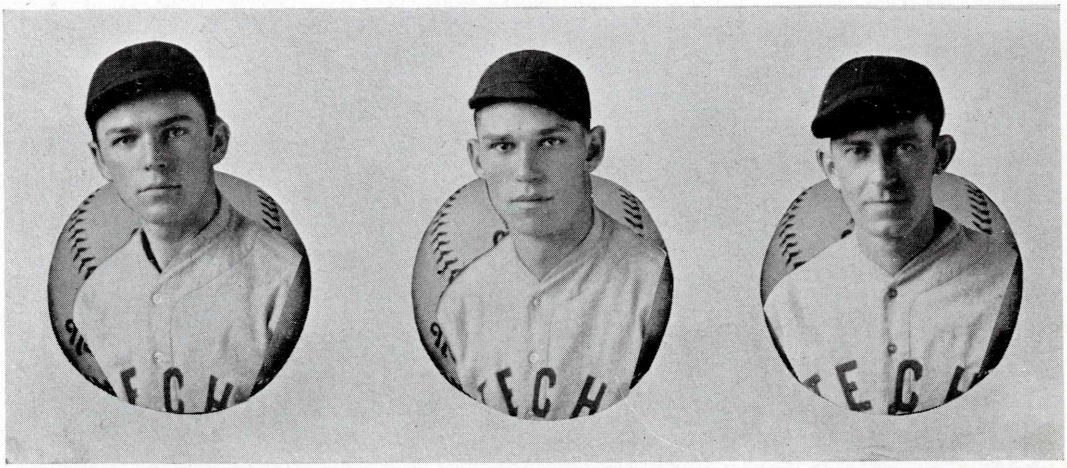

zip from his fast one, his control becoming erratic at times. It was "Lefty" Boss, primarily a first baseman, who developed into the most consistent chunker of the club. Boss, though he knew little about the art of pitching, had a great arm that went a long way. In five games he struck out forty batters. He pitched four complete games and acted as relief hurler for a total of nine more innings, or the equivalent of a regular game. He won three of his four contests.

The club started the season in great form, winning a double header from the Millsaps Majors in Jackson. The first game had been rained out. The club won the postponed contest and the regularly scheduled game by scores of 3 to 2 for both encounters. Riser caught Zinn in the first game while Courtney handled Gleason in the second.

Coach Wilson moved his squad over to Clinton the following day to meet the Mississippi College Choctaws. Bagwell was defeated by a count of 8 to 1 in the first game, but the following day Boss whiffed a dozen of the tribe for a 6 to 2 victory.

Opening their home season the team dropped an erratic contest to the Louisiana State Tigers, the game being Boss' only loss of the season. Hal Willis led the Bulldogs at bat with two doubles in three times at bat. Two games were scheduled, the first being rained out.

The second series found gave the Bulldogs their second win of the year in a double header. The first contest with the Southwestern Louisiana Institute team was called off due to wet grounds, and both games were played the following day. Bagwell was a 7 to 3 winner in the first and Zinn gave the Southwestern club four hits in the final for an 8 to 3 win. The stick work of Hardy Willis and "Lefty" Boss and the fielding of "Chief" Cole featured the games.

"Booty" Mounger  Jimmy Yeldell  "Slim" Gleason

The Millsaps Majors then came to Tech Field, getting an even break in the series. Boss won his first game, 5 to 4, but the Majors benefitted by numerous errors the second day and won, 5 to 1. All of the opposition's runs were scored in the sixth inning on two base hits. Ratcliffe's drive over the left fence saved Tech from a shutout.

After the Majors came the Centenary Gentlemen with base blows in their bats. Ten hits and eleven errors gave the Gents a 10 to 4 margin the first day, while seventeen hits and nine errors got them a 16 to 8 win in the last of the series.

The Bulldogs then moved over to Shreveport, where the Gents won In the first Centenary made eleven bingles count for fifteen runs compared to nine hits and two runs for Tech. The Gents made a clean sweep of the series on the final day with an 11 to 5 win. Tech had won the honors the previous year, winning three of the four games.

Meeting the Louisiana Normal Demons on foreign soil in the last of the series the team met unexpected opposition and dropped the first of the series, 5 to 1. On the second day Boss's southpaw shoots made the Demons dance and Tech came back with a 10 to 0 win.

In justice to the team is must be pointed out that the second base combination, Hansley at second and Hal Willis at short stop, was broken up during mid-season when the team had a winning average of six games won and three lost. Five of the following games were dropped, and the trouble can be traced to the second base combination. Had competent infielders been on hand to fill the shoes of "Hinie" Hensley and Hal Willis the season might have been successful.

VARSITY BASEBALL SQUAD

## FRESHMAN BASEBALL SCHEDULE

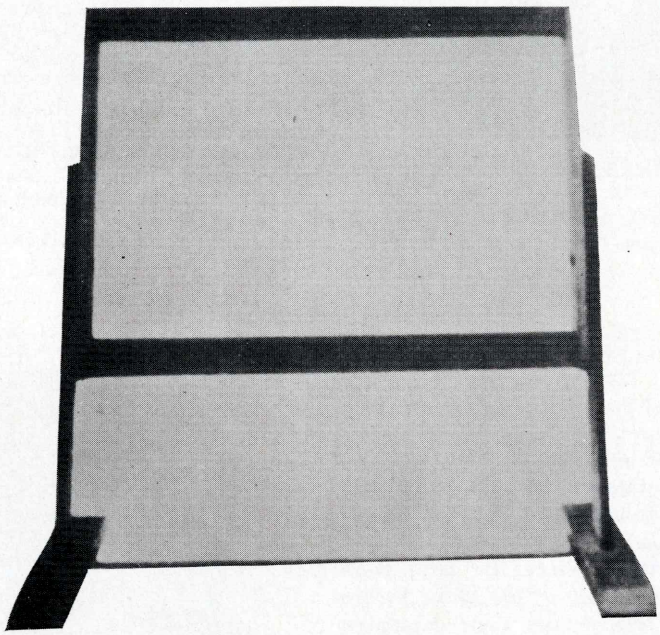

| Games Won, 6 | | Games Lost, 4 | |
|---|---|---|---|
| Bernice High School | 3 | Bullpups | 10 |
| Shreveport High School | 9 | Bullpups | 6 |
| Rayville High School | 2 | Bullpups | 6 |
| Shreveport High School | 3 | Bullpups | 4 |
| Centenary Freshmen | 7 | Bullpups | 14 |
| Centenary Freshmen | 7 | Bullpups | 6 |
| Centenary Freshmen | 11 | Bullpups | 3 |
| Centenary Freshmen | 7 | Bullpups | 5 |
| Ringgold High School | 5 | Bullpups | 20 |
| Ringgold High School | 0 | Bullpups | 16 |

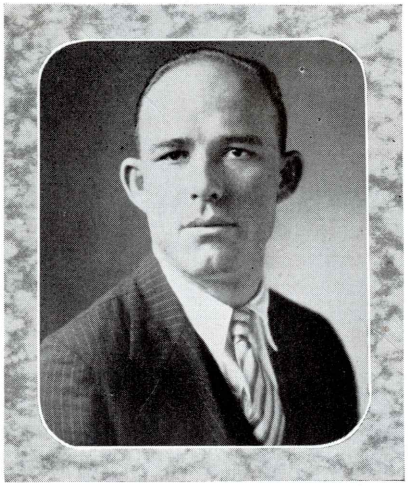

Coach L. J. Fox's yearling team wound its season up with six victories and four losses, scoring wins over the Centenary Freshmen and some of the strongest prep school teams in the state. Among the strong high school teams were the State champion Shreveport Yellow Jackets.

Durbin was the champion swatter of the team, having batted .522 for the season. Simmons placed second with an everage of .412, with Guy and Frickey close on his heels for second place honors.

The Pup pitching staff was led by Donald, southpaw hurler. Donald won three games and lost one. Burnham won one game out of one pitched, while Nicholson dropped three out of four.

Should all of these men return for the next season, prospects for a winning varsity team should be bright.

ERNEST SHIRLEY
Track Coach

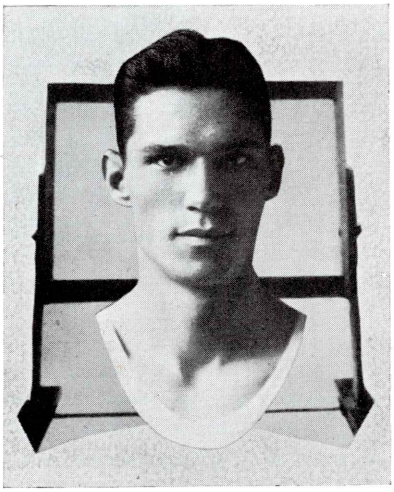

Great has been the success of the former L. S. U. Tiger in inaugurating the track sport at Louisiana Tech. Not only has he put the sport in the limelight here but he has made a showing of developing powerful teams in the future.

The season of 1927 was Shirley's first at Louisiana Tech. Without an experienced man on his squad he made a very creditable showing in the two meets in which the Bulldog cinder hopes participated.

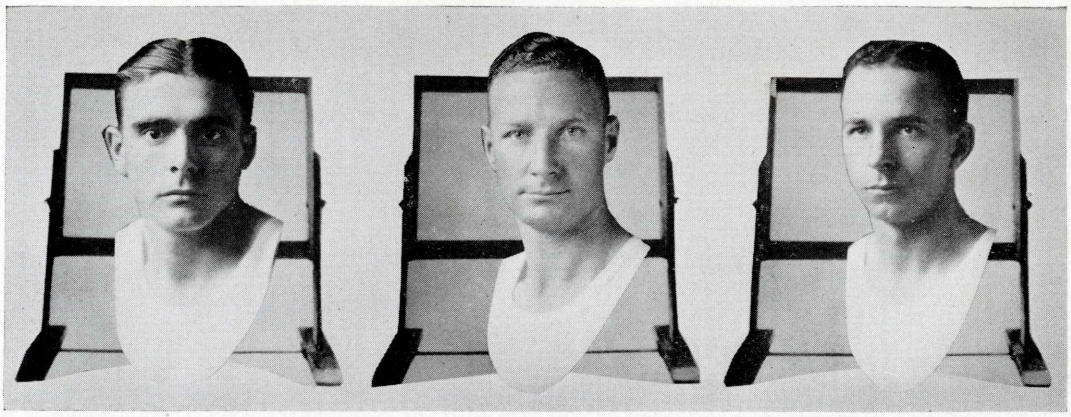

For 1928 a good stiff schedule has been mapped out, and Shirley is depending on such men as Yeldell, Lowery, Jackson, Patterson, Peel, Sheppard, Carlton, and Coates to bring the school some victories.

While at Louisiana State, Shirley once captained the Tiger team. He was regarded as the best track man in the Southern Intercollegiate Conference. Two of his records still stand, even in this day of frequent breaking of records.

Big Jim Yeldell will hold a coveted honor as track captain of the 1928 team. He will be the "first captain of the first team." This year's squad went through the season without a captain. Since the boys were out to learn something of the game before attempting to win honors their campaign could hardly be called a season. They paritcipated in two meets, the Southwestern Relays and a dual meet with Southwestern Louisiana Institute.

Captain-elect
JIM YELDELL

MARION LOWERY

DENNIS PEEL

GLENN McCASLAND

### MARION LOWERY

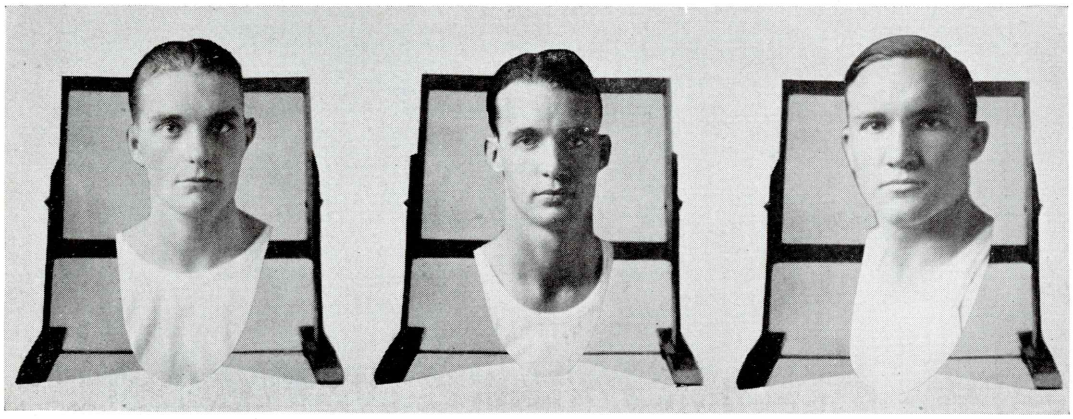

Marion Lowery is the most promising of all the Bulldog track men. His specialty events are the high and low hurdles. In practice this year he has made some good times. In the Southwestern Relays his time in the high hurdles bested that of the Southern Conference Champion.

### DENNIS PEEL

Peel, like all of the other candidates, was "green material." His event is the 440 yard dash. Peel has the speed and when Coach Shirley has taught him some of the finer points of the game he will be a sure winner.

### GLENN McCASLAND

"Stiffy," who had won honors on the football field, was another of the boys out to learn something about the track sport. McCasland is being trained for the dashes.

A. JACKSON ED COX CLIFFORD WOODARD

### A. JACKSON

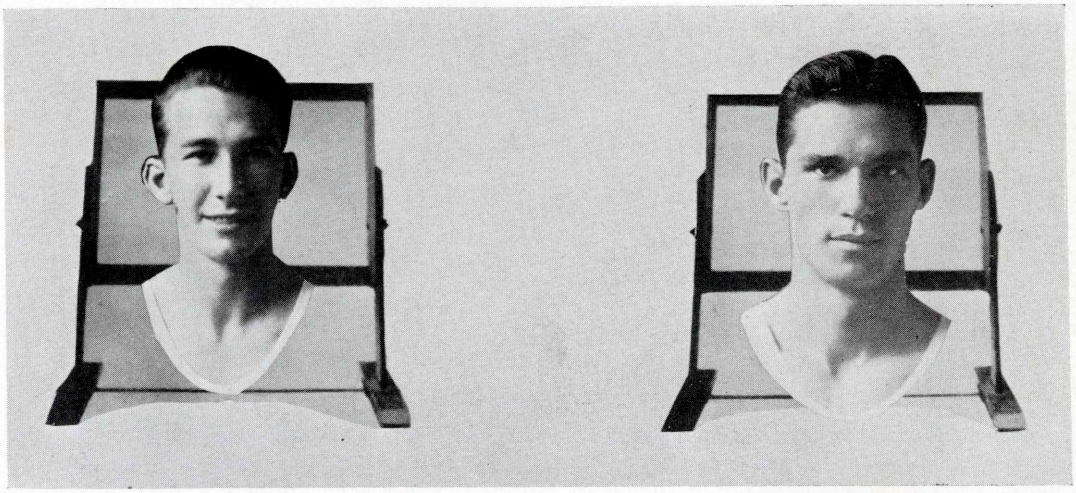

"Nub" Jackson was the only man on the squad who had previous experience. As a member of the Winnfield high school team he had helped that school to win a North Louisiana track and field championship. He is a distance runner.

### ED COX

Ed was one if Shirley's most promising men. He will bring Tech first places next year in the 100-yard dash.

### CLIFFORD WOODARD

Determined to make himself more than a "one sport man," Woodard answered Coach Shirley's call for track practice. He did well in the broad jump, doing around twenty-one feet consistently. With experience he should be of value on the track as well as on the basketball floor.

GEORGE STRICKLER

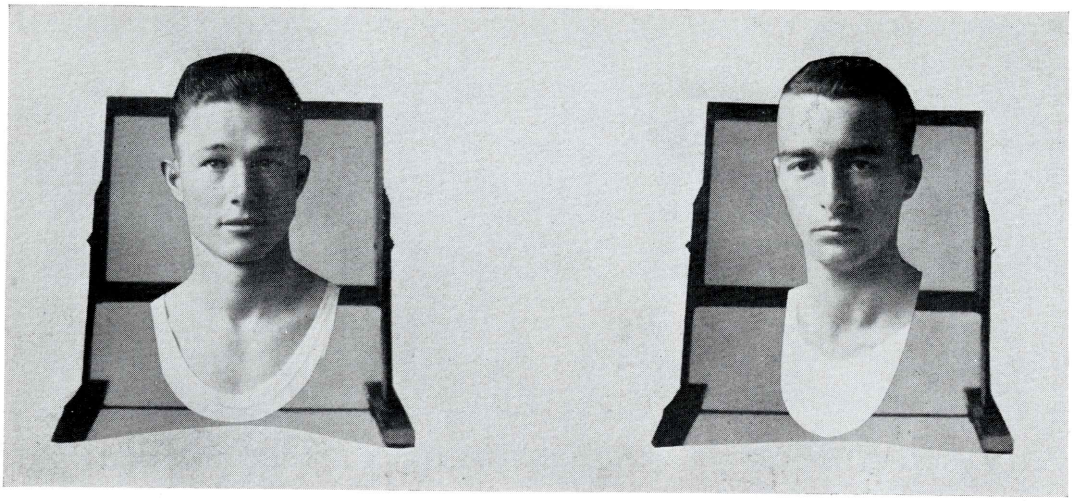

JIM YELDELL

GEORGE STRICKLER

Without any previous experience as a pole vaulter, "Chink" developed into a formidable foe, capable of offering opposition to the average college vaulter. He is a hard worker, and responds favorably to coaching. For that reason he should be a great track man.

JIM YELDELL

Jim Yeldell probably has as much natural ability as any man who ever picked up a discus. Jim was handicapped by not having had any experience in high school, but he started off good and improved remarkably each day. His coach expects him to hand up a new S. I. A. A. record in the discus next year when he will captain the team.

CARLTON

A. R. EATON

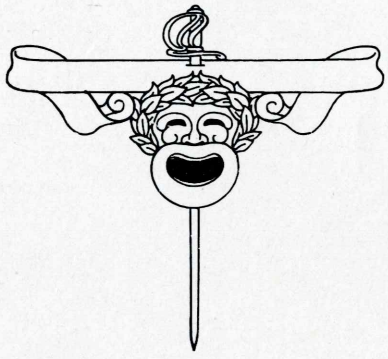

CARLTON

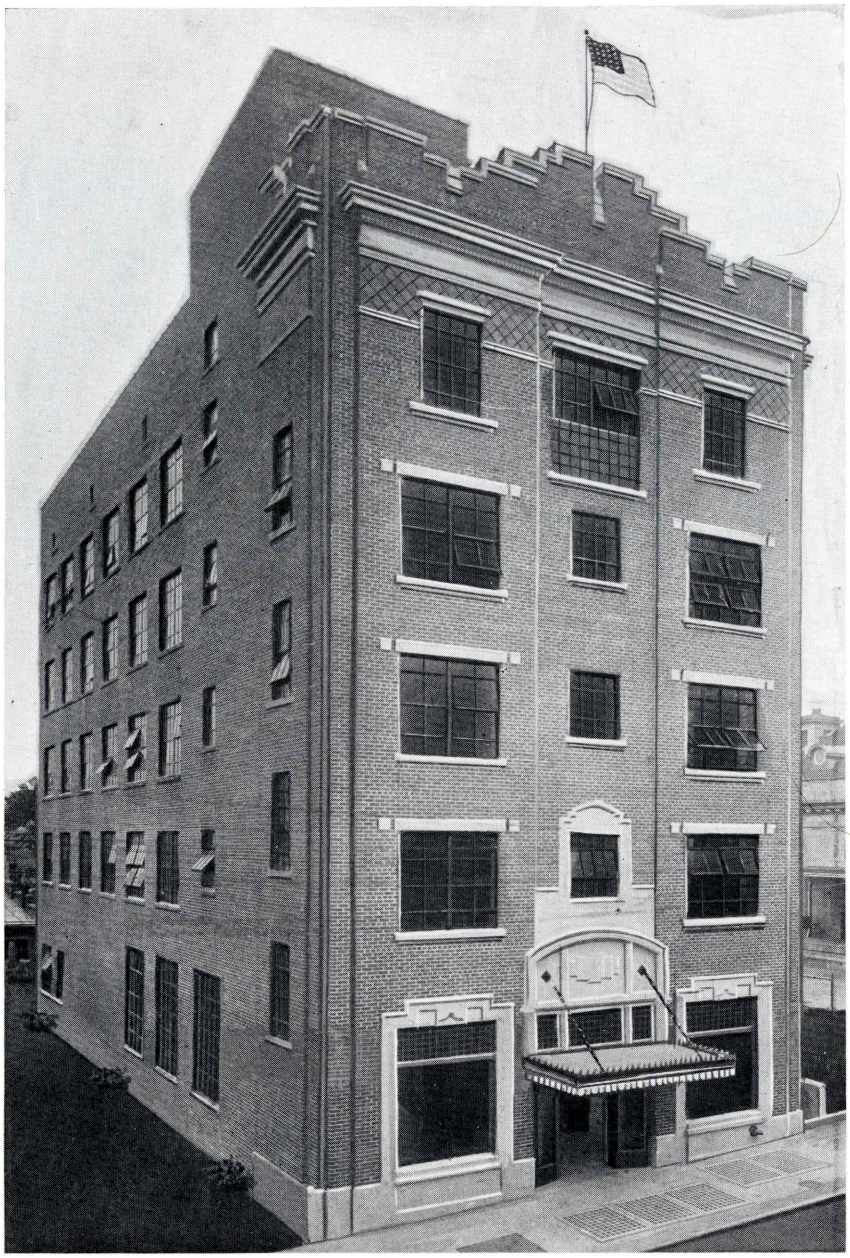

"Shorty" Carlton, though not apt to be a record breaker, may develop into a valuable man. Possessing good speed and the will to win, Carlton is qualified for an excellent track man.

A. R. EATON

In the 220-yard dash Eaton worked hard and faithfully to perfect himself and bring honors to Tech on the cinder path. By continuing his earnest efforts he will be a hard man to beat in his event by the time the 1928 season rolls around.

## WHY LIVE IN RUSTON?

BECAUSE—

EDUCATION: A child can enter the first grade in primary school and go through to a college degree.

HEALTH: Located in the uplands of Louisiana with water 99% pure, assures health, the greatest of all treasures.

CHURCHES: A church-going town with all the principal Protestant denominations, with arrangements being perfected to enlarge their facilities.

HIGHWAYS: Junction Pershing Highway, north and south, Dixie Overland, east and west, together with two large systems of railways, make it the logical gateway to all North Louisiana.

RESOURCES: Good citizenship, dairying, agriculture, poultry, schools and unexcelled opportunities for development—these we place first.

# RECOLLECTIONS

# THE CITY OF RUSTON

extends a hearty welcome to Tech Students, their friends.

The present city administration has had no higher ambition than to build here a city with every facility and convenience necessary to the requirements of a great institution of learning.

How well this has been done may be judged in part from the more than seventy blocks of high-class pavement now covering the city, the addition of two 400 HP Diesel engines, with other equipment, to the city power plant; extending the sewer system for almost five miles; the erection of a suitable fire station with paid fire department.

Here's our pledge to do whatever is reasonably required for the future and its needs.
